

AUTHORIZATION FOR RELEASE OF GEOGRAPHIC AND GEOPOLITICAL NAMES

Effective 20 December 2019, pursuant to Appendix 6 of the .POST Sponsored TLD Registry Agreement (“Registry Agreement”), ICANN authorizes the release of all geographic and geopolitical names contained in the ISO 3166-1 list from time to time which were not previously authorized by ICANN for release and not otherwise required to be reserved pursuant to the Registry Agreement, for registration at both the second level and at all other levels within the .POST Sponsored TLD for use by the Universal Postal Union and its member countries to facilitate postal services within the corresponding member country and between member countries, subject to the following:

1. the Sponsor reaching agreement with the applicable government; and
2. compliance with all other terms of the Registry Agreement applicable to the .POST TLD.
