Pursuant to such request, Registry Operator confirms that each of the following statements is true and correct:

2. Registry Operator does not sell, distribute or transfer control or use of any registrations in the TLD to any third party that is not an Affiliate of Registry Operator; and

Telefonica. included its intention to request an exemption from the Code of Conduct in its application. As stated in the answer to Question 18 b) (iv):

Telefonica may in the future consider extending the use of domain names for employees, customers and partners, but this is not foreseen neither allowed in the current description of the registration policies.

Registry Operator represents that the registration policies attached hereto as **Exhibit 1** are a true and correct copy of the Registry Operator's registration policies for the TLD. Registry Operator agrees that if Registry Operator makes any changes to its registration policies (whether before or after an exemption has been granted), it will promptly provide ICANN with a revised set of registration policies.

Registry Operator acknowledges and agrees that in the event that any of the foregoing Statements becomes untrue (including after ICANN has granted an

exemption pursuant to this exemption request), any Code of Conduct exemption granted by ICANN to Registry Operator for the TLD shall immediately expire, and Registry Operator shall (i) immediately notify ICANN specifying in reasonable detail the circumstances causing any of the Statements to be untrue and (ii) immediately comply with the Code of Conduct.

Registry Operator further acknowledges and agrees that ICANN may revoke this exemption at any time based upon evidence reasonably satisfactory to ICANN that the Statements have become untrue. In the event that ICANN provides notice that it has revoked this exemption, Registry Operator shall immediately comply with the Code of Conduct.
