

Amendment No. 1 to Registry Agreement

The Internet Corporation for Assigned Names and Numbers and Global Website TLD Asia Limited agree, effective as of _____ (“Amendment No. 1 Effective Date”), that the modification set forth in this amendment No. 1 (the “Amendment”) is made to the 22 December 2014 xn--5tzm5g Registry Agreement between the parties, as amended (the “Agreement”).

The parties hereby agree to amend Exhibit A of the Agreement by adding the following new text as a new Section 5:

[START NEW TEXT]

“5. Dropzone Service

Registry Operator may offer the Dropzone service, which is a Registry Service that will manage the release of domain names that have reached the end of their life cycle.

The Dropzone is a separate system, parallel to the main EPP system, that will manage on a daily basis the release of domain names that have been purged for a short period of time, called the Dropzone. Any TLD-accredited registrars may use the Dropzone to register a recently-purged domain name.

On a daily basis, at the end of the Dropzone period, the Registry will execute an awarding process, which will select, per domain name, the first domain creation request submitted (first come, first serve).”

[END NEW TEXT]

The parties agree that, except as set forth in this Amendment and any prior duly authorized and executed amendments, the current terms and conditions of the Agreement will remain in full force and effect. All capitalized terms not defined will have the meaning given to them in the Agreement. This Amendment may be executed in counterparts, each of which shall be deemed an original, and all of such counterparts taken together shall constitute one and the same instrument.
