Dear Duane

Thank you for your letter of 14 November.

The RySG term appointments for the RZERC are three year terms and a maximum of two three year terms can be served.

I'd also like to inform you that the RySG is re-appointing Howard Eland for a second three year term on the RZERC. Howard was originally appointed in August 2016, so in theory his second term commenced in 31 August 2019 through 31 August 2022; however, we can be flexible on the end date for Howard's initial term to bring it in to alignment with other members if that's helpful to the RZERC.

Kind regards

Donna

Chair, RySG
