**RE: NOTICE OF TERMINATION OF REGISTRAR ACCREDITATION AGREEMENT**

[REDACTED]

Wanyuhulian Technology Limited (IANA#3864)

[REDACTED]

Emails: [REDACTED]

Fax: [REDACTED]

Dear [REDACTED]:

Please be advised that as of 29 May 2026, Wanyuhulian Technology Limited's ("Wanyuhulian Technology" or "Registrar") 2013 Registrar Accreditation Agreement with the Internet Corporation for Assigned Names and Numbers ("ICANN") dated 3 June 2025 ("RAA") is terminated pursuant to Section 5.5.4 of the RAA. The termination shall become effective 14 June 2026, 16 calendar days from the date of this notice.

The termination is due to Wanyuhulian Technology's failure to timely cure the breach by 27 May 2026 as set forth in ICANN's notice of breach of RAA dated 6 May 2026. As of 29 May 2026, the following breach remains:

1. Wanyuhulian Technology's failure to pay due accreditation fees, in violation of Section 3.9 of the RAA.

Additionally, Wanyuhulian Technology has failed to:

2. Provide ICANN with a completed Registrar Information Specification form including accurate and current information, the required documentation of good standing, and a link to the location of the applicable information within Wanyuhulian Technology's website where the following is displayed, as required by Section 3.17 of the RAA:
  - a. The name and positions of the Registrar's officers.
  - b. The Registrar's correspondence address.
  - c. If different from the Registrar's correspondence address in item 2b, the Registrar's principal place of business, including address, phone number, fax number and email address.
  - d. If applicable, the Registrar's ultimate parent entity.

3. Provide the first name, last name, email address, title (primary contact or designee), and training completion date of at least one (1) current employee at Wanyuhulian Technology's organization who has recently completed the RAA Registrar Training course, as per Section 3.13 of the RAA.
4. Provide the remediation measures, including implementation dates, that Wanyuhulian Technology will take to ensure that contractual obligations related to Section 3.9 of the RAA will be timely met, as well as responses to ICANN's requests related to contractual obligations.

Please see the chronology below for additional details.

#### ICANN Logo License

Wanyuhulian Technology is further advised that the logo license granted in the Logo License Specification to the RAA is revoked as of 14 June 2026. Please remove all ICANN trademarks, name and logo from Wanyuhulian Technology's website and business materials that have been licensed to Wanyuhulian Technology under the terms of that Specification by 14 June 2026.

#### Domain Name Transition Process

ICANN developed the [De-Accredited Registrar Transition Procedure](#) ("Procedure") for managing transition of gTLD domain name registrations upon termination of a registrar's RAA. Because Wanyuhulian Technology does not currently sponsor any gTLD domain name registrations, the Procedure does not apply to the Registrar's RAA termination.

ICANN reserves all its rights under the RAA. Please note the rights and obligations required to have effect after the expiration of the RAA, including but not limited to Sections 3.4 Retention of Registered Name Holder and Registration Data, 3.9 Accreditation Fees, 5.8 Resolution of Disputes Under this Agreement, and 5.9 Limitations on Monetary Remedies for Violations of this Agreement.

Wanyuhulian Technology has past due accreditation fees. Wanyuhulian Technology must immediately submit payment to ICANN Accounting. Additionally, Wanyuhulian Technology will be invoiced for the remainder of the yearly accreditation fees owed to ICANN through 2 June 2026, and any variable fees corresponding to transactions reported through the termination effective date. All these fees are required to be paid to ICANN pursuant to Section 3.9 of the RAA.

If you have questions or require assistance, please contact Jonathan Denison at [REDACTED].

Sincerely,

[SIGNATURE REDACTED]

**CHRONOLOGY**

In the compliance case detailed in the chronology below, ICANN notified Wanyuhulian Technology of the violations, including the relevant ICANN agreements and processes.

Each communication requested the evidence, information and actions needed from Wanyuhulian Technology to become compliant. Each subsequent communication to the compliance notifications constituted an additional attempt by ICANN to obtain evidence of compliance from Wanyuhulian Technology. The telephone call details below describe further attempts from ICANN to communicate the details of the cases, and to make an ICANN Contractual Compliance staff member available to address any questions in order to assist Wanyuhulian Technology in becoming compliant. All efforts were unsuccessful.
