Proposal# 201003, gTLD Registry Lock Service in dot-BIZ

Dear Keith,

ICANN has conducted a review of Neustar's proposed introduction of a gTLD Registry Lock Service in dot-BIZ in accordance with the Registry Services Evaluation Policy and process set forth at <http://www.icann.org/registries/rsep/rsep.html>.

Based on the information provided, ICANN has not identified any significant competition or security and stability issues with the proposal. Neustar may proceed to implement the service as proposed in the proposal published at <http://www.icann.org/en/registries/rsep/biz-request-01apr10-en.pdf>.

Patrick
