RE: ICANN 60th International Public Meeting

Mr. Abdulrahman Almarzouqi
Director, Internet Advancement
Telecommunications Regulatory Authority
The United Arab Emirates

Dear Mr. Abdulrahman Almarzouqi,

On behalf of the Internet Corporation for Assigned Names and Numbers (ICANN), I would like to thank you and your colleagues at the Telecommunications Regulatory Authority (TRA) for your hard work and the wonderful organization of ICANN's 60th public meeting, which was hosted in the beautiful city of Abu Dhabi.

The meeting attracted more than 1,900 attendees from over 100 countries, and 325 public sessions were held. It was a very smooth meeting, thanks to you and your team for assisting with every possible aspect from outreach all the way to assisting with entry visas to the UAE.

The support and the generosity of the TRA is not new to us at ICANN as the TRA has hosted several ICANN related events in the past. We were very pleased to see the first ICANN public meeting in the Gulf region take place in Abu Dhabi, and we hope to return back.

I look forward to continuing to work with you and the TRA.

Yours sincerely,
